## EDUCATION

**University of Illinois at Urbana-Champaign***Bachelor of Science in Computer Science**Bachelor of Arts in Economics*

Expected Graduation: May 2022

GPA: 3.91/4.00

- Relevant Coursework: Data Mining Principles, Computer Vision, Machine Learning, System Programming, Introduction to Algorithms & Models of Computation, Database Systems, Text Information Systems

## PROFESSIONAL EXPERIENCE

**ClassTranscribe Project**

Champaign, IL

*Head Researcher*

January 2021-Present

- Enhance backend capability and speed performance for ClassTranscribe, a web-based video lecture platform, through Docker and C# language
- Devise algorithm that automatically detects and extracts scenes from ClassTranscribe video lectures by adopting Python language and OpenCV that successfully received funding from Microsoft
- Design new speech recognition approach via Python language and Tesseract OCR by providing individual video with a phrase list of semantic information, which upgraded recognition accuracy by 9%
- Remodel method to automatically generate a comprehensive E-Book for each lecture video that encourages novel learning experience for university students
- Presented intermediate research findings at the Undergraduate Research Symposium and created and led an evidence-based poster, which improved my communication and presentation skills

**Data Mining Principles Group Project**

Champaign, IL

*Researcher*

January 2021-May 2021

- Cooperated with group members to create an algorithm which can detect opinion spam in Yelp.com via machine learning techniques such as embedding and bidirectional LSTM
- Implemented this method through Python language and PyTorch, which achieved 6% higher classification accuracy than other previous methods
- Compiled a professional conference article that summarized all the research findings by LaTeX

**IOS Application Project**

Champaign, IL

*Developer*

November 2020-December 2020

- Built a mobile application called GitHub Helper via React Native and Expo, which collects and displays user information from GitHub
- Programmed a simple and well-organized user interface of four screens to present various content
- Enabled fetching and updating from database in real time by implementing application programming interfaces

**Simple Physics Engine Project**

Champaign, IL

*Developer*

November 2020-December 2020

- Constructed a software which can simulate real-world particle system with fine-grained physical effects by JavaScript language and WebGL
- Rendered realistic animations by imposing velocity and gravity on objects in the particle system, and then shaded objects using Blinn-Phong illumination model with Phong shading
- Deployed the software on a web-based application with UI to allow creating and resetting objects via HTML

## LEADERSHIP EXPERIENCE

**Probability & Statistics for Computer Science**

Champaign, IL

*Course Assistant*

September 2019- May 2020

- Completed homework grading and regrade requests each week for more than 150 students
- Collaborated with other course assistants to design and refine homework and the project for the class
- Practiced multi-tasking by balancing my own student assignments and course assistant work

## SKILLS & HONORS

- **Skills:** C (Advanced), C++ (Advanced), Java (Advanced), Python (Advanced), JavaScript (Advanced), SQL (Advanced), React Native (Intermediate), HTML (Intermediate), C# (Intermediate), Docker (Intermediate)
- **Honors:** James Scholar (2019-2020), Dean's List (Fall 2018, Spring 2019, Fall 2019, Spring 2020, Spring 2021)

# Copy

I am a senior student from University of Illinois at Urbana-Champaign, pursuing a dual degree of Computer Science (CS) in the Grainger College of Engineering and Economics in the College of Liberal Arts & Sciences. My intellectual interest is Artificial Intelligence (AI) for Human Computer Interaction (HCI). I would like to explore how AI algorithms can facilitate an accessible system that delivers efficient and user-friendly human-computer interfaces.

In graduate school, I am interested in researching how to improve the video-based learning system, ClassTranscribe, with its accessibility to university students. Specifically, I am motivated to explore the following topics in my master's thesis: (1) how to establish an accurate and efficient scene detection system, and (2) how the scene detection system can strengthen speech to text accuracy and enable automatic E-Book generation. With the scene detection system, we could capture unique scenes from a lecture video at ClassTranscribe, which can provide students with other forms of lectures, such as an E-Book with error-free audio transcription. This research topic would have a practical meaning in improving the learning experience for students with disabilities, such as students with profound hearing impairment.

In order to achieve my research goals, I have fully prepared myself from experience in both a research group and advanced courses. I have worked with Professor Lawrence Angrave in improving the accessibility of ClassTranscribe for 8 months. During the study, not only have I practiced on how to write lines of code to build a working system, but I also gained insights into the general mode of conducting research. In Spring 2021, we generated a simple scene classifier through inter-frame similarity comparison. Further, based on the first model, we decreased the error rate of speech to text recognition by 9 percent by helping the captioning system distinguish technical words from common words. However, we were not satisfied with the preliminary result, which had a high time complexity and undesirable false positives. In the summer, we further optimized the first model with its processing speed and accuracy. By finalizing the sampling process, introducing more similarity metrics, and utilizing the support vector machine, we managed to enhance the running time approximately 4 times faster and eliminated most of the false positives. We summarized and presented our progress in a

# Copy

paper poster at the Undergraduate Research Symposium. The presentation experience has consolidated my group working abilities and public communication skills, which are critical prerequisites for future conference presentation. In the current semester, our focus will be on benchmarking the scene detection system and deploying it into the backend of ClassTranscribe, which will generate E-Book.

Outside the research team, I have also taken a wide range of advanced CS courses, including 500-level graduate courses. In Spring 2021, I completed a Data Mining Principles course, which has equipped me with a solid AI foundation for my master's thesis. Advanced techniques, such as the convolutional neural network, have helped me a lot in optimizing the scene detection system. More importantly, I have learned the general procedure of writing a professional conference paper from the group project, where we built an opinion spam detector for Yelp.com. We proposed a question, referenced related works, originated a method, analyzed the result, and organized all the findings into a paper via LaTex. Skills acquired from the project have prepared me for future thesis writing.

I hope to switch to the 5-year BS-MS Program for multiple reasons. To begin with, the joint program will give me the exact time needed for me to accomplish my in-progress thesis. With all the achievements on the scene detection system so far, I have started thesis writing this semester. A tentative thesis structure with sub-chapters outlined was already proposed and accepted by both of my thesis advisors. Further, by the end of this semester, I will have completed all the required CS courses towards my undergraduate degree, among which 3 courses can be transferred to the MS degree to satisfy the Breadth Requirement. Instead of the traditional M.S. program, the joint program will be sufficient for me to compile the thesis and will allow me to start my research career earlier.

In addition to the preferred time length, a joint BS-MS program enables me to gain knowledge from brilliant professors. Professor Lawrence Angrave and Professor Klara Nahrstedt have agreed to be the advisors for my master's thesis. Professor Angrave has

# Copy

research interests on enhancing accessibility and introducing novel methods to encourage new learning opportunities, which are related to the scene detection system that I have been working on. With his expertise in the backend of ClassTranscribe, I can learn more about the system components of the project to better facilitate E-Book generation. Professor Nahrstedt will be my de jure advisor for my master's thesis. She has research interests on Multimedia System Design and Quality of Service (QoS). With years of experience in system design of ClassTranscribe, Professor Nahrstedt will be advising me on the QoS analysis and benchmark optimization for the scene detection system. Besides my advisors, this program will offer me opportunities to study with other pioneers in the field of CS. I could further explore my research interests in advanced courses such as Computer Vision and Deep Learning Theory.

The experience with ClassTranscribe has stimulated my enthusiasm in conducting research on AI for HCI. After graduate study, I want to continue researching on high-performance systems that deliver accessible interfaces, such as the autopilot system. Many institutes and tech companies have research labs focusing on those cutting-edge technologies. I am looking forward to joining one of the research labs with a goal to build systems that can improve the quality of life for human beings. Graduating from the University of Illinois with a MS degree in Computer Science would prepare me for my future aspirations.

This electronic transcript, as delivered in PDF form, has a transcript explanation at the end of the document which details authentication information.

**UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN**  
**OFFICE OF THE REGISTRAR, 901 W ILLINOIS, SUITE 140, URBANA, IL 61801-3446**

Li, Jiaxi; DOB: 01/17/2000; ID: 160381453

PH (217) 333-9778 /  
FAX (217) 333-3100

FULL TRANSCRIPT EXPLANATION IS AVAILABLE ON THE WEB AT: <http://go.illinois.edu/transcript>  
Transcript information for students who attended the University of Illinois at Urbana-Champaign prior to 1982 is available at: [https://registrar.illinois.edu/wp-content/uploads/2018/06/pre\\_1982\\_key.pdf](https://registrar.illinois.edu/wp-content/uploads/2018/06/pre_1982_key.pdf)

**ACCREDITATION:**

Higher Learning Commission of the North Central Association of Colleges and Schools.

**ACADEMIC CALENDAR:**

The University of Illinois at Urbana-Champaign operates on an academic calendar of two sixteen-week semesters and, beginning in 2005, one twelve-week summer term. Prior to 2005, the summer calendar included a four-week summer session (referred to as Intersession prior to 1995) and one eight-week summer session. Beginning December 2014, winter sessions are included between the fall and spring semesters.

**PRIVACY NOTICE:**

In accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974, this document cannot be released to a third party without the written consent of the student.

**OFFICIAL TRANSCRIPT:**

A transcript is official when it bears the signature of the Registrar on officially printed paper or an electronic version that is sent directly from the institution to the recipient (see below). Transcripts that are provided directly to students are marked "Issued to Student." Partial or incomplete transcripts are not issued except upon request and only issued by student level (Undergraduate, Graduate, Law, Medicine, or Veterinary Medicine). Those transcripts are labeled "Partial Transcript."

07/18/2018

This Academic Transcript from University of Illinois at Urbana-Champaign located in Urbana, IL is being provided to you by Credentials Inc. Under provisions of, and subject to, the Family Educational Rights and Privacy Act of 1974, Credentials Inc. of Northfield, IL is acting on behalf of University of Illinois at Urbana-Champaign in facilitating the delivery of academic transcripts from University of Illinois at Urbana-Champaign to other colleges, universities and third parties using the Credentials TranscriptsNetwork™.

This secure transcript has been delivered electronically by Credentials Inc. in a Portable Document Format (PDF) file. Please be aware that this layout may be slightly different in look than University of Illinois at Urbana-Champaign printed/mailed copy, however it will contain the identical academic information. Depending on the school and your capabilities, we also can deliver this file as an XML document or an EDI document. Any questions regarding the validity of the information you are receiving should be directed to: Office of the Registrar, University of Illinois at Urbana-Champaign, 901 W Illinois, Suite 140, Urbana, IL 61801-3446, Tel: (217) 333-9778.

**Statement of Authenticity**

This Official Academic Transcript in Portable Document Format (PDF) was requested by the individual identified above in compliance with the provisions of the Family Educational Rights and Privacy Act of 1974 as Amended and in conformance with the prescribed ordering procedures of University of Illinois at Urbana-Champaign who has contracted with Parchment, LLC of Scottsdale, AZ for electronic delivery of Official Academic Transcripts in PDF form. You may verify the authenticity of our relationship with University of Illinois at Urbana-Champaign by visiting their website at <http://www.registrar.illinois.edu/transcripts>.

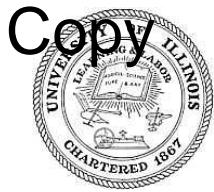

**Colleges and Universities**

If you are an accredited post-secondary academic institution, please be advised that you are receiving this transcript as a "Third-Party" receiver. Since you are not registered to our Parchment Receive service, additional security provisions have been added to this document to prevent content copying or alteration. You also are not permitted to print the document without watermark protections or add notations to the document when saving to your student information system. Should you wish to receive future documents through our electronic networks without these additional security features, please register your institution at [https://info.parchment.com/compare\\_receive.html](https://info.parchment.com/compare_receive.html).

**Privacy and Other Information**

This Official Academic Transcript is for delivery to the above-named "Intended Recipient". If you are not the "Intended Recipient", please notify the Transcripts Unit at University of Illinois at Urbana-Champaign. You are not permitted to copy or alter this document. You may not forward this document or disclose its contents to any person or organization other than the "Intended Recipient" without the express written permission of the student. If this document is copied or printed, the words "PRINTED COPY" will appear in the replicated transcript image.

In the interest of security and privacy, we delete this Official Academic Transcript from our server 48 hours after it is initially downloaded excluding weekends and holidays. If a replacement is subsequently needed, the requesting party must order another transcript from University of Illinois at Urbana-Champaign. If you have any questions about this document please contact Parchment Customer Service at (847) 716-3005. Our operators are available from 7:00 am to 7:00 pm Monday through Friday (Central Time).

**UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN**  
**OFFICE OF THE REGISTRAR, 901 W ILLINOIS, SUITE 140, URBANA, IL 61801-3446**

Li, Jiaxi; DOB: 01/17/2000; ID: 160381453

PH (217) 333-9778 /  
FAX (217) 333-3100

FULL TRANSCRIPT EXPLANATION IS AVAILABLE ON THE WEB AT: <http://go.illinois.edu/transcript>  
Transcript information for students who attended the University of Illinois at Urbana-Champaign prior to 1982 is available at: [https://registrar.illinois.edu/wp-content/uploads/2018/06/pre\\_1982\\_key.pdf](https://registrar.illinois.edu/wp-content/uploads/2018/06/pre_1982_key.pdf)

**ACCREDITATION:**

Higher Learning Commission of the North Central Association of Colleges and Schools.

**ACADEMIC CALENDAR:**

The University of Illinois at Urbana-Champaign operates on an academic calendar of two sixteen-week semesters and, beginning in 2005, one twelve-week summer term. Prior to 2005, the summer calendar included a four-week summer session (referred to as Intersession prior to 1995) and one eight-week summer session. Beginning December 2014, winter sessions are included between the fall and spring semesters.

**PRIVACY NOTICE:**

In accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974, this document cannot be released to a third party without the written consent of the student.

**OFFICIAL TRANSCRIPT:**

A transcript is official when it bears the signature of the Registrar on officially printed paper or an electronic version that is sent directly from the institution to the recipient (see below). Transcripts that are provided directly to students are marked "Issued to Student." Partial or incomplete transcripts are not issued except upon request and only issued by student level (Undergraduate, Graduate, Law, Medicine, or Veterinary Medicine). Those transcripts are labeled "Partial Transcript."

07/18/2018

This Academic Transcript from University of Illinois at Urbana-Champaign located in Urbana, IL is being provided to you by Credentials Inc. Under provisions of, and subject to, the Family Educational Rights and Privacy Act of 1974, Credentials Inc. of Northfield, IL is acting on behalf of University of Illinois at Urbana-Champaign in facilitating the delivery of academic transcripts from University of Illinois at Urbana-Champaign to other colleges, universities and third parties using the Credentials TranscriptsNetwork™.

This secure transcript has been delivered electronically by Credentials Inc. in a Portable Document Format (PDF) file. Please be aware that this layout may be slightly different in look than University of Illinois at Urbana-Champaign printed/mailed copy, however it will contain the identical academic information. Depending on the school and your capabilities, we also can deliver this file as an XML document or an EDI document. Any questions regarding the validity of the information you are receiving should be directed to: Office of the Registrar, University of Illinois at Urbana-Champaign, 901 W Illinois, Suite 140, Urbana, IL 61801-3446, Tel: (217) 333-9778.

## THE GRAINGER COLLEGE OF ENGINEERING

Department of Computer Science  
 2232 Siebel Center, MC-258  
 201 N. Goodwin Ave.  
 Urbana, IL 61801

## ADVISOR AGREEMENT FORM

Every graduate student in the MS or Ph.D. program must complete an Advisor Agreement Form before starting work on the MS or Ph.D. thesis. It must be completed before enrollment in Computer Science 599 (thesis research) will be allowed. Ph.D. students must complete this form prior to signing up for their Qualifying Examination. This agreement remains in effect until it is either canceled, revised, or the student completes the degree. The Academic Office must be informed of any changes to the agreement and a new agreement form will be prepared if necessary. If the primary advisor is not a member of the extended faculty in the CS Department with graduate advising privileges, the student must secure a de jure advisor from the (non-affiliate) CS faculty with graduate advising privileges and have the form countersigned by them. Exceptions to this requirement will rarely be granted. Additional information on the de jure advisor requirement is available from Graduate Programs staff in the Academic Office (1210 Siebel Center) or via email at academic@cs.illinois.edu.

M.S.

Ph.D.

Date: 09/02/2021

Student Name (please print): Jiaxi Li

UIN: 664511298

\* Advisor Name (please print): Lawrence Angrave

Advisor's signature: L Angrave

De Jure Advisor's Name (please print): Klara Nahrstedt

De Jure Advisor's signature: Klara Nahrstedt

Please submit form with **signatures above** to 1210 Siebel Center or email to academic@cs.illinois.edu.

\*De Jure Advisor and Special Approval Required from CS Director of Graduate Studies (DGS) if the primary advisor is not a member of the extended faculty in the CS Department with graduate advising privileges.

\*Special approval from CS DGS: \_\_\_\_\_  
 (Revised October 2020)
